

# Qihang Sun | Curriculum Vitae

github.com/XZhoou xzhoou.top

sunqihang@buaa.edu.cn (+86) 158-3800-8575

## RESEARCH INTEREST

Economics of Transportation, Traffic Modeling, Optimization, Pedestrian Dynamics

## EDUCATION

<b>Beihang University</b> <i>Ph.D. Student in Management Science and Engineering; GPA: 3.9/4.0; Rank: 2/51</i>	<b>Beijing, CHN</b> 2023.09 - Present
<b>Beihang University</b> <i>B.S. in Biomedical Engineering (Minor)</i>	<b>Beijing, CHN</b> 2020.09 - 2023.06
<b>Beihang University</b> <i>B.S. in Information Management and Information System</i>	<b>Beijing, CHN</b> 2019.09 - 2023.06

## AWARDS & HONORS

- **The First Prize Academic Scholarship**, Beihang University, 2024
- **Merit Student**, Beihang University, 2024
- **Excellent League Member**, Beihang University, 2024
- **Best Paper Award**, The 5th Frontier Symposium on Traffic Behavior and Transportation Science, 2024
- **Freshmen Scholarship**, Beihang University, 2023
- **Outstanding Graduate Student**, Beihang University, 2023
- **Merit Student**, Beihang University, 2022
- **Model Student of Academic Records**, Beihang University, 2022
- **The Grand Price Academic Scholarship**, Beihang University, 2022
- **The First Prize Discipline Competition Scholarship**, Beihang University, 2022
- **The Second Prize Social Work Scholarship**, Beihang University, 2022
- **Honorable Mention Prize in Mathematical Contest In Modeling (MCM)**, COMAP, 2022
- **The Second Prize in China Undergraduate Mathematical Contest in Modeling**, CUMCM, 2021
- **The Second Price Academic Scholarship**, Beihang University, 2021
- **Outstanding Volunteer**, Beihang University, 2021

## RESEARCH EXPERIENCE

<b>Reservation scheme for congestion management during morning commute</b>	2023.11 – 2024.11
<ul style="list-style-type: none"><li>◦ Designed a reservation scheme for congestion management during morning peak commute</li><li>◦ Conceptualized and characterized noncompliance of commuters</li><li>◦ Derived the new equilibrium from the perspective of Bertrand-Nash competition</li><li>◦ Examined the efficiency of the reservation scheme considering noncompliance.</li></ul>	
<b>Pedestrian flow modeling and analysis considering speed heterogeneity</b>	2022.10 – 2023.08
<ul style="list-style-type: none"><li>◦ Constructed continuous social force model of pedestrian dynamics to reveal the movement characteristics of pedestrians more accurately</li><li>◦ Verified the validity of model construction and parameter setting by real pedestrian movement data</li><li>◦ Investigated the dynamic evolution of the self-organized phenomenon when the pedestrians are heterogeneous in walking speed</li></ul>	

## INTERNSHIP EXPERIENCE

---

**Ministry of Industry and Information Technology**

2022.03-2022.09

Undergraduate Research Assistant

- Participated in the construction of national digital infrastructure, collected and obtained macroeconomic indicators, monitored the operation of the electronics industry, and redacted a complete digital economy industry analysis series report.
- Developed two information systems to ensure the department's efficient and orderly daily business.

## SKILLS

---

<b>Programming</b>	Python, R, Matlab, C, SQL, L <sup>A</sup> T <sub>E</sub> X
<b>Languages</b>	Chinese ( <i>Native</i> ), English ( <i>Conversational</i> )
<b>Software</b>	MS Office, IBM SPSS
<b>Sports</b>	Football, Badminton, Table tennis

## PUBLICATIONS

---

- **New insights into bi-directional pedestrian flows with heterogeneous speeds: modeling and analyses**  
*Accepted by The 14th Workshop on Computational Transportation Science*  
Qi-Hang Sun, Ren-Yong Guo
- **Morning Peak Reservation Scheme Incorporating Noncompliance Behaviors: Modeling and Analysis**  
*Accepted by The 5th Frontier Symposium on Traffic Behavior and Transportation Science (TBTS 2024)*  
Qi-Hang Sun, Ren-Yong Guo
- **Reservation scheme for congestion management during morning commute: Considering noncompliance**  
*Submitted to Transportation Research Part B: Methodological, Under Review*  
Qi-Hang Sun, Ren-Yong Guo

## CONFERENCE TALKS

---

- **The 14th Workshop on Computational Transportation Science**, Shanghai, 2023.08  
*Oral Presentation*
- **The 5th Frontier Symposium on Traffic Behavior and Transportation Science**, Yichang, 2024.08  
*Oral Presentation*

## SELECTED COURSES

---

- **Ph.D. Student:**  
Advanced Microeconomics Theory (94), Advanced Mathematical Programming (93), Optimization Method (98), Advanced Optimization Theory and Algorithm (92), Urban Economics (95), Advanced Academic English Writing (95)
- **Undergraduate:**  
Information Systems Analysis and Design (95), Program Designing (92), Production and Operations Management (94), Artificial Intelligence and Deep Learning (97), Decision-Making and Business Intelligence Systems (96), Large-Scale Database Application Experiment (96)
